ARI'S LINES TO LIVE BY

Ari is slaying it.

Several albums in, Ariana Grande has won numerous awards, and she kills it with her amazing vocal range and cute sense of style. She's a badass creative genius and fearless businesswoman – but she also knows when to step back and take time out for herself.

This book is packed with Ariana's wisdom and the lines that she lives by. If you need a dose of confidence or resilience. If you need advice on love or friendship, or want to know which fierce women inspire Ari's life. If you want to get empowered to challenge misogyny, get creative, or find out what success really means, then this is the place for you.

Whatever kind of empowerment you need or inspiration you're looking for, it's time to say thank you, next, to the bad vibes, put your bunny ears on and take the world by storm the Ariana Grande way.

CONFIDENCE

‘I am going to spend
my time being the best
at what I do and not
worrying about what
people will think of it.’

'I have to be careful, but I would say that what you see is what you get, I'm pretty honest, I'm pretty authentic. I try to keep it real, because who the f*ck cares?'

‘Sometimes people can confuse my niceness for weakness – or ditziness or stupidity. But it doesn’t go hand-in-hand in that way, you know what I mean?’

‘Of course I have to
respect what everyone
has to say, but I also have
to follow my heart.’

'It took me a while to
come into my own, to
be unafraid, to be
myself and to just be
unapologetically honest,
and that's a brave thing,
that's a dangerous thing.'
