

But right now it's this.

tomorrow.

I'm looking forward to

easy time.

quiet,

Nice,

I'm quiet. 4 days

to rest.

This is the time for my body

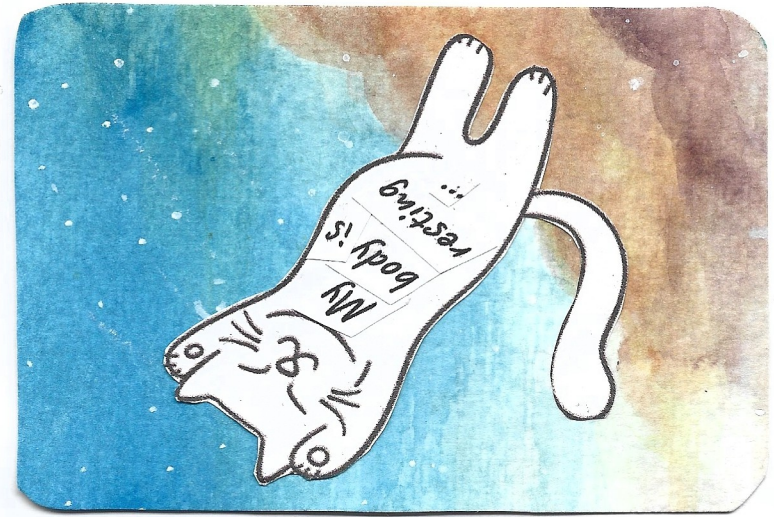

I need to tend to right now.

right now. There is not one thing

There is nothing for me to do

This is the end
of the day

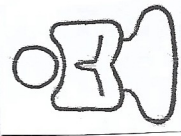

This

The cells of my body are
regenerating.

My mind is at ease.

I'm in complete concert with
Source.

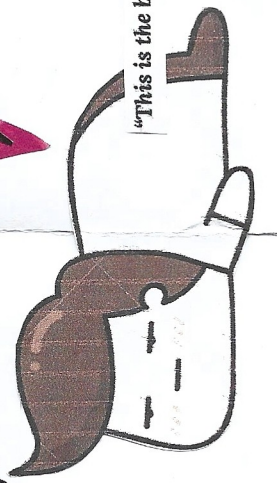

I'm happy
about what
I'm doing
now.

My body
really likes
lying here
in this
circumstance.

This is the
perfect
environment
to rest

“Isn't this a nice
bed that I've
managed to bring
for myself?”

“This is the best thing for me to do
right now.”
